CITY OF MIAMI BEACH
ANNOUNCEMENT OF UNCLASSIFIED POSITION

APPLICATIONS SYSTEMS MANAGER
$69,629.66 - $112,460.15 ANNUALLY

DESCRIPTION OF DUTIES – This is advanced professional management work assisting in the planning, organizing, staffing, directing, budgeting and controlling the Applications Development area in the Information Technology Department of the City of Miami Beach. This position reports to the Information Technology Department Director and manages the Applications Development section consisting of seventeen (17) Application Systems personnel. The City's Information Technology Department is a 7 day / 24 hour operation which requires committed and dedicated individuals to be responsive to the needs of the customers.

REQUIREMENTS: Graduation from an accredited college or university with a Bachelor's degree in Computer Science, Mathematics, Management Information Systems, or closely related field, or an equivalent Master's degree. Experience may substitute for education on a year-for-year basis. Candidate should have had a minimum of five years extensive responsibility with the management of information technology organization and public sector application development. He/she should have progressive project and people management experience as well as excellent oral and written communication skills; excellent organization, technical analysis, and outstanding leadership skills. The candidate must be able to develop and enforce industry best practice as well as policies and procedures for software change management. Candidate must be able to develop and administer policies, procedures, standards, practices, plans and activities that meet organizational requirements and internal/external customer needs and expectations. Candidate must be able to monitor performance of subordinates against measured established goals.

DESIRES: Knowledge of multi-tiered application development with adherence to SDLC methodology using Microsoft tool sets such as VB.NET, ASP, ADO as well as other web-enabling technologies. Knowledge of T-SQL, MS SQL Server Databases, ERP Systems, Geographic Information Systems (GIS) and Web-based applications. Experience with Public Safety Systems such as Computer Aided Dispatch (CAD), Permits Plus Land Management Applications and EDEN (InForum Gold) ERP Systems is also a plus.

APPLICATION PROCESS: Resumes may be submitted to: jobs@miamibeachfl.gov (include **Application Systems Manager** in e-mail heading) or mailed directly to City of Miami Beach – Human Resources Dept., 1700 Convention Center Drive, Miami Beach, FL 33139 (ATT: ASM-I). No fax accepted.
